The edding POS shop

Similar to illustration

More information on page 80.

The edding POS shop

How are customers influenced at the point of sale (POS)? How do they reach purchase decisions? edding has conducted comprehensive surveys to question consumers on their behaviour, purchase criteria and wishes at the POS.

The result: the edding POS Shop – a 2 x 2 m high-quality POS solution. Planned down to the smallest detail, this structured product presentation ensures that consumers are able to find the right product for the job in hand straight away. Enhanced brand visibility and improved presentation of the breadth and depth of the product range boost both sales and turnover.

Quick orientation

Immediate and clear overview according to applications and surfaces thanks to vertical guide.

Intelligent product presentation

Adaptable modules for a variable number of pens (depending on range of colours and stroke widths).

Detailed product explanations

Specification of pen application together with a clear description.

Eye-catching product display

Various applications for diverse types of pen presentation.

Complete range

The breadth and depth of the edding range means that all customer wishes are satisfied.

Discover and try out new products

Handy test station with various pads for testing and showcasing of innovations.

Strong brand presence

With the strength of the edding brand, you will underscore your first-class image.

Easy handling

Consideration of EAN barcodes for rapid reordering and easy handling when refilling.

High-quality illumination

Integrated LED illumination guarantees a premium presentation at the POS.

Ample storage space

Adequate storage options thanks to integrated drawers.

For us, green isn't a trendy colour: it has been part of our tradition since 1960.

At edding, green thinking has nothing to do with trends – as demonstrated for many years by our **integrated management system**, incorporating quality, environmental and occupational health and safety management (DIN ISO 9001, 14001, OHSAS 18001).

Refill systems, spare cartridges and replacement nibs extend the life of many of our products. For our EcoLine range, we also use renewable resources or recycled materials.

We consistently strive to make our products even better and even more eco-friendly. This allows us to offer efficient pens and markers containing inks using the **gentlest solvents** and in some cases water.

Our modern energy-saving production facilities are kinder to the environment. We work with intelligent lighting, heating and cooling systems. We also use green electricity, solar panels and a combined heat-and-power plant. The result: more than 600t fewer CO² emissions each year.

As our responsibility grows, so does our commitment. We work in accordance with international Guidance on Social Responsibility (**standard ISO 26000**). Through our **Code of Conduct**, we also include our suppliers and partners in this responsibility.

EcoLine

For tomorrow's world!

In line with our stated mission of giving a little bit back to the environment every single day, we have continued our long-term commitment to the environment at product level since the launch of the edding EcoLine range.

In addition to a highlighter with a cap and barrel where at least 90% is made from a renewable resource, the EcoLine range also features permanent, whiteboard and flipchart markers in which at least 90% of the total plastic used is made from recycled material.

EcoLine highlighter

Particularly suited for the luminous marking and highlighting of text passages and notes. Water-based ink in brilliant neon colours. The product is refillable.

At least 90% of the cap and barrel are made from renewable resources.

edding 24 EcoLine highlighter

Highlighter with chisel nib, water-based ink in neon colours.

At least 90% of the cap and barrel are made from renewable resources.

Neon colours:

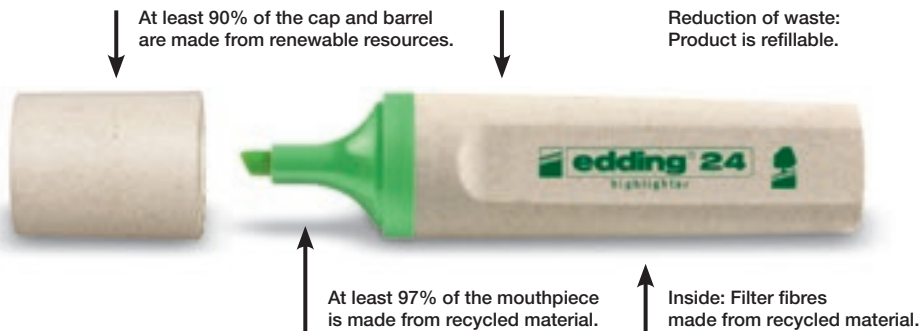

005, 006, 009, 010, 011, refillable.
Box of 10 in each colour.

EcoLine flipchart markers

Specially designed for writing and marking on flipchart paper, presentation paper and cards. The ink which is available in a range of brilliant colours will not bleed through onto the next page. Very effective for presentations. Thanks to the "cap off" ink, the cap can be left off for a few weeks without the marker drying out. All products are refillable.

At least 90% of the total plastic used is made from recycled material.

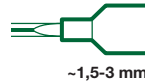

edding 31 EcoLine flipchart marker

Flipchart marker with bullet nib, water-based ink with neutral smell. Cap can be left off for a few weeks without the marker drying out.

Writing, Highlighting and Correcting

Success involves not getting bogged down by trivia. That's why so many professionals who take a structured approach to working rely on the trusted and long-lasting products from edding. With its various fineliners, gel rollers, rollerballs, highlighters and correction products, edding organises even the most chaotic of desks. Give them a try: Once you have experienced the quality which edding offers, you will never look back.

Fineliners and ink rollers – disposable

For writing and signing. The nibs are mostly metal-shrouded for protection and guarantee a fine and precise writing result. The roller-balls are also suitable for making carbon copies.

Creating and Decorating

The pleasure of personalised ideas – discover the wealth of possibilities offered by the edding hobby markers. With this range, we provide a huge selection of products for the creative and refreshingly colourful design of many different surfaces and materials. You will find lots of ideas and instructions at www.edding-creative.com.

The right pen for every single surface.

- Our consumers think in applications – just like us.
- edding offers a range which is structured based on applications for creative consumers. The grouping of our products according to the most important surfaces ensures quick and simple orientation at the POS and thus facilitates purchase decisions.
- The design is tailored to the creative target group: The list of relevant surfaces directly on the marker shows just where the products excel. Furthermore, a picture of the drawn line demonstrates the result which consumers can expect from their edding marker. Packaging materials with examples of applications help to boost sales.

Light paper

Dark paper

Terracotta, wood, card and canvas

Porcelain and ceramic

Textiles

Glass, metal and plastic

Porcelain brushpen

Fibrepen with flexible brush nib for decorating porcelain, glazed ceramic and heat-resistant glass. The design is dishwasher safe after heat fixing. The flexible brush nib is ideal for painting large areas as well as fine details. The porcelain brushpen has a luxuriously smooth application and an even finish. No dripping or clumping. Quick-drying and fully correctable prior to heat fixing. Extremely lightfast, water-based pigment ink. Areas which come into contact with foodstuffs should not be painted.

edding 4200 porcelain brushpen

Fibrepen for porcelain, glazed ceramic, heat-resistant glass. Dishwasher safe after heat fixing. Flexible brush nib for painting large areas and fine details. Luxurious application, even finish. No dripping or clumping. Quick-drying and fully correctable prior to heat fixing. Extremely lightfast, water-based pigment ink.

4-4200-6099

Colours: 001, 008, 010, 011, 014, 017.

Also available in display, see page 85.

Application:

- Ensure all surfaces are clean and free of dust and grease. For decorative purposes only.
- Leave to dry for approx. 15 minutes before heat fixing.
- Bake in a preheated oven at 160°C for 25 minutes. Leave to cool in the oven.
- Store pen horizontally.

Gloss paint markers – glass metal, plastic, paper

Paint markers for brilliant designs on almost all smooth surfaces (glass, metal, plastic, leather, paper and much more). Low-odour, gloss finish for permanent and waterproof marking and decorating, e.g., for greeting cards and gifts. Also suitable for dark and transparent materials. Quick-drying, weatherproof, very lightfast and smudge-proof. Pump system, shake before use, remove cap and pump.

Activation of the edding gloss paint marker: Shake the marker well with the cap on, place the writing nib of the marker on a piece of test paper, pump a few times by pressing down on the nib carefully until the ink appears in the nib. Check the marker by drawing a few lines on the piece of test paper. Put the cap back on after use.

Calligraphy training by edding.

Learn to write more elegantly, step by step. A writing style analysis and the ideal application can be found at www.edding-calligraphy-training.com.

Matt paint markers – terracotta, wood, canvas, card

Matt paint markers for silk-matt designs on all, particularly porous, surfaces. Ideal for terracotta, card and wood. Silk-matt finish, waterproof water-based ink with a neutral smell. Weatherproof. Excellent lightfastness. Pump system, shake before use, remove cap and pump.

Activation of the edding matt paint marker: Shake the marker well with the cap on, place the writing nib of the marker on a piece of test paper, pump a few times by pressing down on the nib carefully until the ink appears in the nib. Check the marker by drawing a few lines on the piece of test paper. Put the cap back on after use.

Colour and Play

High-quality, safe products which guarantee kids will love learning: the edding FUNTASTICS children's brand. In addition to the pens for colouring and drawing on paper, the range also includes child-friendly window and textile markers as well as children's face paint sticks. In addition to parents of children aged between 3 and 10 years, this category is also aimed at grandparents and relatives who want to give a worthwhile present as well as teachers and all those responsible for purchasing equipment in schools and nurseries.

Fibrepens for children

The fibrepen range comprises of pens and markers for colouring and drawing on paper and has been specially designed for children's hands. The ergonomically shaped grip zone and a non-slip zone offer endless drawing fun for kids aged 3 and upwards. The ink can be easily washed off skin and can be washed out of most textiles at 40°C. The caps can be left off for up to 3 days without the pens drying out.

edding 14 FUNTASTICS

Children's fibrepens with a soft bullet nib and ergonomically shaped grip zone ensure fatigue-free colouring and drawing. The water-based ink can be easily washed off skin and can be washed out of most textiles.

Colours: 001-015, 061, 255, 550.

The laundry marker edding 8040 for labelling clothes for school and nursery and other products from the "Organising and Marking at home" category is the perfect complement to the children's range, see page 57.

Printing with edding – efficient & high-quality

Reliable print quality and perfect functionality at a competitive price – with its high-quality range of printer cartridges and recycled toners edding is able to offer impressive value for money. High-quality inks and toners ensure a brilliant print result with at least the same level of efficiency.

www.edding-printing.com

Printing

Printer cartridges and recycled toner cartridges in edding quality.

With its wide range of compatible printer cartridges and recycled toners, edding presents a high-quality and competitively priced alternative to the respective original products.

Brilliant advantages for the shopper

- Excellent value for money with reliable edding quality.
- Continued printer manufacturer's warranty.

Profitable advantages for the trade

- Attractive conditions.
- High standards of quality and short delivery times.
- Regular range expansions.
- Personal guidance and support to ensure an ideal range.

edding Printer cartridges

Range of printer cartridges for the major manufacturers: **Canon, Epson, HP and Brother**

edding Toner cartridges

Range of toner cartridges for the major manufacturers: **HP, Brother and Samsung**

For more details, see www.edding-printing.com as well as in the separate price list. Should you have any questions, please do not hesitate to contact a member of the edding sales force.

As well as placement on an existing peg-board, a high-quality metal display for a smaller scale solution is also available.

A product finder directly on the shelf and the website www.edding-printing.com assist the search for suitable printer cartridges.

edding POS Shop

In addition to eye-catching placement on the wall, we of course also offer an attractive solution for aisles. For more detailed information and further placement options, please contact your edding sales representative.

**Wall placement:
edding POS Shop premium high**

**Aisle placement:
edding POS Shop standard high**

edding Displays

They are clear to see, customer-friendly and act as an incentive to buy: the displays available from edding are genuine eye catchers, designed to ensure ringing tills and plenty of activity at the POS. At a glance, they illustrate the possible uses of each product clearly and concisely. Making shopping a pleasure for your customers.

Example of how the display can be filled.

edding blistercards

At edding, we believe in keeping things “transparent“. That’s why selected markers, writing instruments and office supplies are also available on blistercards. The products are explained on the blister card in a customer-friendly way. Which means you are sure to find the right product for your applications.

Colour chart

Furniture colours

Printing on paper does not give exact reproduction of the ink and wax colours.

Legend

Refillable.

Water-based ink.

Barrel made of aluminium.

Cap can be left off for the length of time indicated. The cap off time has been tested under laboratory conditions.

Ventilated cap as specified by ISO 11540.

Cap diam. larger than 16 mm, therefore no ventilation as per ISO 11540 necessary.

Blister packaged.

EAN bar codes refer to the smallest retail unit (single pen, case, blistercard, display). We reserve the right to make changes to the models featured in this catalogue since the edding range is continually being updated. Alteration to our products by any kind of repackaging, e.g. blister, shrink-pack etc., is only permitted with our explicit consent. We cannot accept responsibility for any typing errors.
