# CertaDrive Linear Isolated LED Drivers Single Current

CertaDrive 27W 0.5A 54V 230V

#### Single current LED drivers for essential lighting applications.

CertaDrive LED drivers are designed to fulfill the market need for essential lighting with reliable performance. The CertaDrive LED drivers offer basic specifications with specific current and voltage settings which are easy to use for high volume applications. The CertaDrive range is optimal to operate mid-power LEDs from different manufacturers.

#### **Benefits**

- Low profile LED-drivers enabling ample luminaire design freedom
- Easy to use
- Design optimized to meet essential lighting needs

#### **Features**

- SELV output for simpler approval process and easy design-in
- Specific current and voltage
- 50,000 hours life time
- All T5 form factors but various lengths
- Fast Time to Market

#### **Application**

- Recessed, surface and suspended luminaires in offices
- Waterproof luminaires

#### **Electrical input data**

| Specification item        | Value  | Unit            | Condition                 |
|---------------------------|--------|-----------------|---------------------------|
| Nominal input voltage     | 220240 | V <sub>ac</sub> | performance range         |
| Nominal input frequency   | 5060   | Hz              |                           |
| Nominal input current     | 0.15   | А               | @230V @ full load         |
| Input voltage             | 230    | V <sub>ac</sub> |                           |
| Nominal input power       | 31.2   | W               | @230V @ full load         |
| Power factor              | ≥ 0.9  |                 | @ full load. See graph.   |
| Total harmonic distortion | ≤ 20   | %               | @ full load. See graph.   |
| Efficiency                | 85     | %               | @230V @ full load         |
| Input voltage AC          | 202254 | V <sub>ac</sub> | Operational range         |
| Input frequency AC        | 47.563 | Hz              | Maximum permissible range |
| Isolation Input to Output | SELV   |                 |                           |

## **Electrical output data**

| Specification item       | Value            | Unit            | Condition                   |
|--------------------------|------------------|-----------------|-----------------------------|
| Regulation method        | Constant Current |                 |                             |
| Output voltage           | 3654             | V <sub>dc</sub> |                             |
| Output voltage max.      | 60               | V               | Peak voltage at open load   |
| Output current           | 0.5              | A               | Full output current setting |
| Output current tolerance | ±8               | %               |                             |
| Output current ripple LF | ≤ 30             | %               | Ripple = peak / average     |
| Output power             | 1827             | W               | Full output                 |

## Electrical data controls input

| Specification item | Value | Unit | Condition |
|--------------------|-------|------|-----------|
| Control method     | Fixed |      |           |

## Logistical data

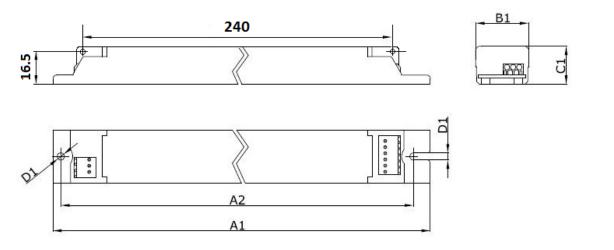

| Specification item | Value                        |
|--------------------|------------------------------|
| Product name       | CertaDrive 27W 0.5A 54V 230V |
| Order code         |                              |
| Logistic code 12NC | 9290 014 11280               |
| EAN3               |                              |
| Pieces per box     | 24                           |

#### Wiring & Connections

| Specification item        | Value  | Unit | Condition  |
|---------------------------|--------|------|--|
| Input wire cross-section  | 0.51.5 | mm²  | WAGO744, solid wire                                  |
|                           | 1620   | AWG  | WAGO744, solid wire                                  |
| Input wire strip length   | 89     | mm   |  |
| Output wire cross-section | 0.51.5 | mm²  | WAGO744, solid wire                                  |
|                           | 1620   | AWG  | WAGO744, solid wire                                  |
| Output wire strip length  | 89     | mm   |  |
| Maximum cable length      | 600    | mm   | Total length of wiring including LED module, one way |

#### Dimensions and weight

| Specification item        | Value | Unit | Condition |
|---------------------------|-------|------|-----------|
| Length (A1)               | 280   | mm   |           |
| Width (B1)                | 30    | mm   |           |
| Height (C1)               | 21    | mm   |           |
| Fixing hole diameter (D1) | 4.1   | mm   |           |
| Fixing hole distance (A2) | 265   | mm   |           |
| Weight                    | 170   | gram |           |

## Operational temperatures and humidity

| Specification item          | Value  | Unit | Condition  |
|-----------------------------|--------|------|--|
| Ambient temperature         | -20+50 | °C   | Higher ambient temperature allowed as long as Tcase-max is not exceeded. |
| Tcase-max                   | 75     | °C   | Maximum temperature measured at T <sub>case</sub> -point                 |
| Tcase-life                  | 65     | °C   | Measured at T <sub>case</sub> -point                                     |
| Maximum housing temperature | 110    | °C   | In case of a failure   |
| Relative humidity           | 1090   | %    | Non-condensing   |

## Storage temperature and humidity

| Specification item  | Value  | Unit | Condition      |
|---------------------|--------|------|----------------|
| Ambient temperature | -25+85 | °C   |                |
| Relative humidity   | 595    | %    | Non-condensing |

#### Lifetime

| Specification item | Value  | Unit  | Condition  |
|--------------------|--------|-------|--|
| Driver lifetime    | 50,000 | hours | Measured temperature at $T_{case}$ -point is $T_{case}$ -life. |
|                    |        |       | Maximum failures = 10%   |
|                    |        |       |  |

## Programmable features

| Specification item                    | Value | Remark               | Condition                        |
|---------------------------------------|-------|----------------------|----------------------------------|
| Set output current (AOC)              | No    | See Design-in guide. | Default output current: ≤ 500 mA |
| LED module temperature derating (MTP) | No    |                      |                                  |
| Constant Lumen Over Lifetime (CLO)    | No    |                      |                                  |
| DC emergency dimming (DCemDIM)        | No    |                      |                                  |

#### Features

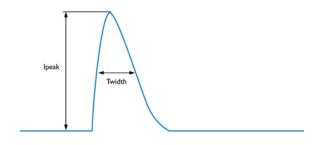

| Specification item                          | Value | Remark | Condition            |
|---|-------|--------|----------------------|
| Open load protection                        | Yes   |        | Automatic recovering |
| Short circuit protection                    | Yes   |        | Automatic recovering |
| Over power protection                       | Yes   |        | Automatic recovering |
| Hot wiring                                  | No    |        |                      |
| Suitable for fixtures with protection class | I     |        | per IEC60598         |

#### **Certificates and standards**

| Specification item                | Value                             |
|-----------------------------------|-----------------------------------|
| Approval marks                    | CB / CCC / CE / ENEC / RCM / TISI |
| Ingress Protection classification | 20                                |

#### Inrush current

| Specification item                | Value | Unit | Condition   |
|-----------------------------------|-------|------|---|
| Inrush current I <sub>peak</sub>  | 5.3   | Α    | Input voltage 230V                                    |
| Inrush current T <sub>width</sub> | 51    | μs   | Input voltage 230V, measured at 50% I <sub>peak</sub> |
| Drivers / MCB 16A type B          | ≤ 50  | pcs  |   |

| MCB | Rating | Relative number of LED drivers |
|-----|--------|--------------------------------|
| В   | 10A    | 63%                            |
| В   | 13A    | 81%                            |
| В   | 16A    | 100% (stated in datasheet)     |
| В   | 20A    | 125%                           |
| В   | 25A    | 156%                           |
| С   | 10A    | 104%                           |
| С   | 13A    | 135%                           |
| С   | 16A    | 170%                           |
| С   | 20A    | 208%                           |
| С   | 25A    | 260%                           |

#### **Driver touch current**

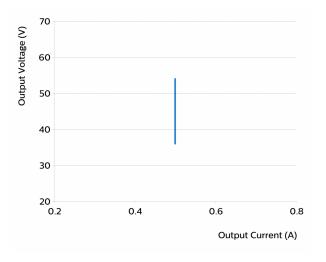

| Specification item    | Value | Unit    | Condition   |
|-----------------------|-------|---------|---|
| Typical touch current | 0.7   | mA peak | Acc. IEC61347-1. LED module contribution not included |

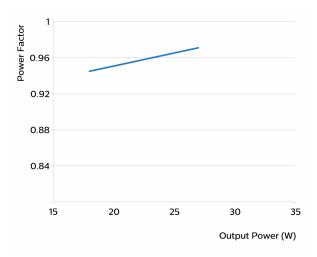

## Surge immunity

| Specification item                | Value | Unit | Condition                                  |
|-----------------------------------|-------|------|--|
| Mains surge immunity (diff. mode) | 1     | kV   | Acc. IEC61000-4-5. 2 Ohm, 1.2/50us, 8/20us |
| Mains surge immunity (comm. mode) | 2     | kV   | Acc. IEC61000-4-5. 12 Ohm 1.2/50us,8/20us  |
